

Newhaven Port Marine Safety Code Annual Audit – 19th April 2023

This annual PMSC audit was conducted by David Foster of Marine & Risk Consultants Ltd (Marico Marine), who also acts as the Independent Designated Person as specified within the Port Marine Safety Code.

From what was seen during the harbour visit and audit, the perusal of reports and minutes provided each month to the Designated Person, plus routine monthly Harbour Master/Deputy Harbour Master/Designated Person liaison Teams calls, the Newhaven Port Authority continues to comply with the Port Marine Safety Code.
