

## **Newhaven Port Marine Safety Code Audit 2017**

Conducted by Marine & Risk Consultants Ltd (Marico Marine) on 26<sup>th</sup> July 2017.

On 26<sup>th</sup> July 2017, Marico Marine conducted a compliance check audit of the Marine Safety Management System of the Port of Newhaven to the requirements of the Port Marine Safety Code (PMSA).

Marico Marine conducted similar audits for the Newhaven Port Authority on 23<sup>rd</sup> April 2010, 12<sup>th</sup> October 2011, 25<sup>th</sup> September 2013 and 19<sup>th</sup> August 2015.

This Port Marine Safety Code compliance audit was carried out using a checklist derived from the Code (November 2016) and the associated Guide to Good Practice on Port Marine Operations (February 2017).

From what was seen during the harbour visit and from the perusal of the documentation supplied by the Harbour Master, Newhaven Port Authority continues to comply with the Port Marine Safety Code and most of the issues mentioned in the previous audit have been addressed.
