

Newhaven Navigational Risk Assessment Review – Stakeholder Day – 23rd August 2011

Marico Marine, the Port Marine Safety Code Independent advisors and consultants to Newhaven Port & Properties Ltd., visited the port for a day to assess and review the Navigational Risk Register.

To enable this to be as comprehensive and meaningful as possible, representatives from all the relevant port user sectors were invited to attend workshops throughout the day to discuss and develop the navigational risk register. The Harbour Master was present throughout the day's events.

The day was a great success and the results will be published on the website when they are available.

The following stakeholder groups were involved in the workshops and consultations:-

- 1/. Pilots and Pilotage Exemption Certificate (PEC) holders.
- 2/. Pilot Boat crew members.
- 3/. Recreational/Leisure Users.
- 4/. Fishermen.
- 5/. Workboats/Tugs.
- 6/. Port Control Operatives.
